## L&A Depot to Serve as Mail Truck Annex

Modernization of the Louisiana & Arkansas Railway Company Depot, located south of the West Third Street crossing, for a temporary annex was announced by Postmaster General John A. Gronowski with the award of a contract to the railroad to remodel and lease the building to the Post Office Department.

This additional facility is needed before October 19, 1964, when the city of Hope will become a Sectional Center in the new postal distribution concept; 49 post offices in southwest Arkansas will be served from the Hope Sectional Center.

The temporary annex will be occupied by the Post Office Department until the new Federal Post Office is built and ready for occupancy. According to Post Master A. D. Brannan, that will probably be no sooner than October 1965.

"The increase in the volume of mail to be handled when the Hope Sectional Center is established will call for an increase in personnel at the local post office," he said. At present the Hope Post Office employs 23.

A Highway Post Office with busses equipped like mail cars on trains will also go into effect October 19. The Little Rock-Camden — Hope — Texarkana route will bring mail and morning papers into here. Five truck lines will leave the Hope Sectional Center between 5:15 and 5:30 a.m. to take mail to the 49 satellite post offices in the southwest area. At the present time two new truck routes are open for bids. They are the Hope to McCaskill and Hope to Bradley routes.

## Supervisor to Visit Hope Witnesses

Eugene A. Shuster, presiding minister for the Central Unit Congregation of Jehovah's witnesses, reported today that the local group would be visited by the traveling Circuit Supervisor, Robert N. White. He will be accompanied by his wife, Ruth, and will visit the congregation from Tuesday through Sunday.

"These regular week-long training sessions are a part of a program conducted by Jehovah's witnesses all over the world. Mrs. Shuster said, "We do not regard them as 'revivals', but rather as advanced ministerial counsel and instruction. They are very helpful in encouraging the discussion of the Bible, and religion amongst all of our friends and neighbors here in Hope."

During the week, Wednesday, through Sunday, some time will be spent each day accompanying local members in their home visitation ministerial service.

## Loses Control of Auto, Injured

An auto driven by Lester Hucklebee went out of control and into a ditch about 7:30 a.m. today near Sheppard's Store, South on Highway 29. Mr. Hucklebee was brought to a local hospital by a Herndon-Cornelius ambulance for treatment. He was not believed seriously hurt. State Policeman Stokes investigated.

## No Agreement, Union Strikes General Motors

By A.F. MAHAN

DETROIT (AP) — A nationwide strike against General Motors Corp. flared today when the United Auto Workers and the company failed to agree on a new contract by a union imposed 10 a.m. (EST) deadline.

The union previously negotiated three-year pacts at Chrysler Corp. and Ford Motor Co., final agreement coming only 55 minutes ahead of deadline at each.

The union took General Motors out of 1965 model production which build and sell parts to Chrysler and Ford would not be struck.

Disclosure the strike was official didn't come until after workers already had started walking out at Cleveland, Ohio, Framingham, Mass., and elsewhere.

UAW President Walter P. Reuther announced at 10:30 a.m. that it was with "a great sense of sadness and disappointment" that he announced failure to reach agreement with General Motors.

He was accompanied to a televised news conference by Leonard Woodcock, UAW vice president and chief of its GM department.

The UAW estimated its strike of GM would idle 260,000 of its 354,000 production workers.

Non-economic demands of the union, rather than money, apparently brought about the strike. GM had offered to match the economic package won at Ford and Chrysler, which UAW president Walter P. Reuther had estimated worth 54 cents over the next three years.

Unresolved issues at the start of a 24-hour marathon bargaining session included grievance procedures, union representation in the plants, production standards, disciplining of workers and working conditions.

The strike deadline came less than a day after General Motors put its 1965 line of cars on display in dealer showrooms.

With the auto industry one of the largest users of steel, glass, rubber, aluminum, zinc and other metals, a General Motors shutdown was certain to be felt quickly through every section of the nation's economy.

In addition to thousands of GM workers idled in the selection of Page Three.

## One in Five Americans Over Weight, Other Four Try to Make Him Feel Guilty Over It

By HAL BOYLE

NEW YORK (AP) — When a 220-pound man laughs, there is twice as much of him having a good time as when a 110-pound man laughs.

That is one of the advantages of being fat.

About one out of five adult Americans is overweight, and the other four seem to spend a major portion of their time trying to make him feel guilty about it.

Fat is denounced as a menace to health and a threat to longevity. It has become something of a fad to jeer at fat folks.

## 40,000 Acres Scorched, 78 Homes Gutted

By DIAL TORGERSON

SANTA BARBARA, Calif. (AP) — A fire which twice burned into the hillside suburbs of Santa Barbara turned away today and blazed into lightly populated inland valleys.

It was the third time the fire seemed to be moving away from Santa Barbara. Firemen couldn't say whether it could turn and hit the city again.

The fire has now blackened 40,000 acres, killed one man and injured 36 others, all firefighters.

It has destroyed 78 homes and buildings, including the luxurious homes of Avery Brundage, president of the International Olympic Committee, and Dr. Robert Maynard Hutchins, president of the Center for the Study of Democratic Institutions.

Santa Ana winds — the "devil winds" which sweep down coastal canyons to the sea — have three times sent the balze burning toward Santa Barbara, a city of 65,000, nestled between the Pacific and the Santa Ynez Mountains.

The fire started Tuesday afternoon at 2 p.m., was hit hard by fast-moving firemen and aerial tanker planes, and seemed headed inland by 9 p.m. then came the devil winds. In an hour 12 homes burned.

U.S. Forest Service firefighters, bolstered by county and city firemen, blocked it again. By 7 p.m. Wednesday the fire had covered 2,000 acres, but the air at dusk was cool, and the fire was again moving inland.

Again the winds struck. In eight minutes the temperature rose 12 degrees and winds of 50 miles an hour pushed flames toward the city.

To the east — the ocean lines to Santa Barbara's south and west — one tongue raced into Montecito — the home of countless millionaires and the most elegant California suburb hit by fire since the Bel Air blaze of 1961. Thirty homes, many of them mansions, were destroyed, including Brundage's 20-room mansion and Hutchins' \$100,000 home.

Northeast of the city, Westmont College was hit, two buildings, one a dorm evacuated earlier, burned.

Then, swept by winds from the northeast, the fire raced eight miles westward through the oak and eucalyptus groves in canyons studded with moderately-priced to expensive homes. Twenty-four more were destroyed.

Twice the flames trapped whole teams of firemen, but most of the men escaped serious injury.

But at one spot — on Romero Saddle northeast of Montecito — four men were trapped by flames from three directions.

Three huddled against an embankment and one tried to run through the flames. The three Continued on Page Three

## Apparently Europe Against Idea Oswald Acted Alone as Warren Report Is Awaited

By LOUIS NEVIN

LONDON (AP) — The Warren commission's report on President John F. Kennedy's assassination is certain to produce a storm of controversy in Europe if it holds that the accused killer, Lee Harvey Oswald, acted alone.

An Associated Press survey of nine European countries today showed that leftist circles will take the lead in charging a whitewash if the commission's report, to be made public Sunday, upholds the FBI's version of the Dallas killing.

Europeans in general have regarded reports from Dallas with feelings ranging from mistaking to outright suspicion. Leftist organizations have long subscribed to the theory, that the assassination was a rightist conspiracy with Oswald as its tool and that Dallas nightclub operator Jack Ruby shot Oswald to silence him.

The publication in Europe, as a newspaper serial and as a book, of "Who Killed Kennedy?" by Baltimore reporter Thomas G. Buchanan, has added to the doubt. So has New York lawyer Mark Lane, who toured the continent denying that Oswald was the assassin.

A "Who Killed Kennedy?" committee has been formed in Britain by Bertrand Earl Russell, 92, the philosopher and pacifist.

But British opposition to the Warren report probably will generally be confined to leftists. In eight continental countries, this is the situation:

Italy — Immediately after the killing there was widespread speculation that the assassination might have been part of a plot. But the majority of the Italian press came around to the view that the assassination was the work only of Oswald. Left-wing papers persist in raising the plot theory.

France — If the Warren commission says Oswald acted alone, there will very likely be widespread feelings of an attempt to cover up a plot. The U.S. police, particularly the Dallas force, will undoubtedly be accused either of inefficiency or of a politically motivated cover-up.

No amount of evidence presented up to now makes the average Frenchman — or most newspaper editors — believe it was a cut-and-dried, one-man killing.

West Germany — A book advancing conspiracy theory is a best-seller. Its author, Hungarian-born Hans Habe, spent the war years in the United States and now lives in Switzerland. His book, "Death in Dallas" claims reactionary millionaires and white trash conspired to kill Kennedy.

The Netherlands — Dutch newspapers have shown great interest in the assassination. The theory of an extreme right-wing conspiracy continues in leftist circles.

Belgium — Leftists subscribe generally to the theory of a rightist plot. Newspapers of other political coloring generally have adopted a wait-and-see attitude although conflicting or mysterious points of evidence have frequently been pointed out.

Norway — The liberal afternoon newspaper Dagbladet published the Buchanan conspiracy story in serial form. Otherwise only Orientering, weekly organ of the tiny People's Socialist party, has published stories supporting the conspiracy theory.

Sweden — The conspiracy theory has had widespread publication. Doubts are expected to return to many with the issuing of the Warren commission report.

Denmark — The belief in a conspiracy is rather widespread, and several newspapers have shown skepticism that Oswald acted alone. Many editors suspect he was silenced.

Mrs. Sarah E. Vaughn, 92, of Prescott Rt. 5, died Wednesday in a Prescott hospital. She was a native of Hempstead and member of the Primitive Baptist Church.

Survivors include three daughters, Mrs. Claude Phillips of Prescott, Mrs. F. W. Borland of La., Mrs. Albert E. Hewitt of Calif., and a sister, Mrs. Minnie Hendrix of Hope.

Services were held Friday with burial in Marlbrook Cemetery.

## SW Bell Plans a \$75,000 Addition Here

Southwestern Bell - Arkansas will expand its facilities at Hope with a \$75,000 addition on the South Main Street side of the telephone building.

Announcement of the expansion was made by Southwestern Bell - Arkansas Manager Don Sappington.

Sappington said the addition will be 27' by 92', but in order to erect this addition, it will be necessary to tear down a portion of the existing wall on the South Main side of the building.

The addition will house new company business office space and other facilities for Hope telephone operators.

"This is another step in our continuing program to provide the very best in telephone service for people in this area," said Sappington.

## Girl Had Been Sexually Molested

LITTLE ROCK (AP) — Prosecutor John T. Jernigan said here Thursday that the body of Pamela Ann King, 17, had been sexually molested, but not mutilated when police found her in a motel here Sept. 11.

Jackie Lee Wood, 22, of Springdale, is charged with murder in the strangulation of the girl. He has pleaded innocent and innocent by reason of insanity.

Wood, who was acquitted last year of the strangulation of a woman in Bedford, Mass., is at the State Hospital for a 30-day mental examination.

Jernigan said Wood notified motel authorities that the naked body of a woman was in the room he had rented at the motel that day. Motel officials notified police.

The prosecutor said Wood had been seen in a downtown private club about two hours before police were called to the motel.

## Three Workers Plunge to Death

MEMPHIS (AP) — Three construction workers plummeted to their death down the shaft of a 138-foot cement silo Thursday after a scaffolding collapsed.

Police identified the victims as B. H. Blair, 26, and Wallace Smith, 24, both Negroes, and Jimmy Hendricks, 34.

It took firemen two hours to free the bodies of Blair and Smith, who fell 92 feet and lodged in a small hopper opening. Hendricks plunged through the opening to the floor 138 feet away.

All three worked for S&W Construction Co., which is building a silo complex on Presidents Island Industrial Park. There was no statement on what caused the scaffolding to break.

A fourth worker, Jimmy Jordan, 32, escaped when he stepped to the roof of the silo moments before the accident.

## Prescott, Nashville in Airport Plan

WASHINGTON (AP) — The Federal Aviation Agency has issued a new national airport plan recommending construction of 727 new landing facilities, and improvements at many other places, Congressional sources reported Thursday.

The estimated cost would be \$1.2 billion over the next five years.

Twelve Arkansas cities are listed in the plan.

The proposed national airport plan does not commit federal funds. It serves as a recommendation for airport development.

Inclusion of a facility in the plan is the first step toward becoming eligible for federal grants under the federal-aid airport program.

Arkansas cities named in the plan are Augusta, Berryville, Booneville, De Queen, Dumas, Eudora, Lake Village, Marked Tree, McGehee, Nashville, Prescott and Warren.

## Texarkana Is Preparing for the President

By FRANK CORMIER

TEXARKANA, Ark. (AP) — President and Mrs. Lyndon B. Johnson wrap up a day of speech making with a visit here today to dedicate a memorial to the late President John F. Kennedy.

It will be the first visit to Arkansas for the Johnsons since they became the nation's first family.

Johnson's dedication will be on the spot on State Line Ave. where Kennedy addressed a huge crowd during the 1960 campaign.

The President will be in El Paso, Tex., Enfield, Okla., and Oklahoma City earlier in the day, speaking at every stop.

He is scheduled to arrive here at 6:30 p.m. His bubble-top limousine will be flown here for a parade through Texarkana to the steps of the federal courthouse, which straddles the avenue. He will make the dedication speech there.

Rep. Wright Patman, D-Tex., predicted that 100,000 people will meet Johnson in this city of 50,000.

Kennedy spoke here Sept. 13, 1960, and estimates of the size of the crowd ranged from 65,000 to 100,000.

Gov. Orval E. Faubus and Gov. John Connally of Texas are to meet Johnson here, along with Patman, Rep. Oren Harris, D-Ark., and Sen. Ralph Yarborough, D-Tex.

About 175 state law enforcement officials from Arkansas and Texas will assist Texarkana police and firemen in handling the crowd.

The plaque commemorating Kennedy's visit is on a four-foot-high marble pedestal. The plaque bears a profile of Kennedy, and was erected by the Kennedy Memorial Association of Texarkana at a cost of about \$7,500.

WASHINGTON (AP) — President Johnson heads today for Texas, Oklahoma and Arkansas on a tour that includes an on-the-border meeting with Mexico's President Adolfo Lopez Mateos.

Johnson's first stop is El Paso, Tex., for the ceremonial meeting with Lopez Mateos. Johnson then flies to Enfield, Okla., Oklahoma City, Texarkana, Ark., and, finally, the LBJ Ranch at Johnson City, Tex., for a weekend stay.

Sen. Barry Goldwater the Republican presidential candidate, was in Texas and Oklahoma this week and had canvassed Arkansas earlier.

The three states have a total of 40 electoral votes. Texas, with 25 votes and Arkansas, with 6 went Democratic in 1960 and Oklahoma's 8 votes wound up in the Republican column.

Johnson's meeting with Lopez Mateos, who will give up the Mexican presidency next month was in the nature of a celebration of last year's El Chamizal Treaty settling a 97-year-old border dispute between the United States and Mexico.

Terms of the treaty call for the two countries to exchange various parcels of land in the El Paso area, with Mexico netting a gain of 437 acres. The two countries also will collaborate in putting the Rio Grande into a concrete channel along the new border so the river won't wander again in the future and cause further boundary difficulties.

The Johnson-Lopez Mateos meeting bore a nonpolitical label. However, it was certain to have some political impact in a section with a heavy Mexican-American population.

Flying to Texas with Johnson was the state's Democratic governor, John Connally, an old friend and political ally of the President who has been a guest at the White House for political talks.

## Judgment Denied, Case Appealed

LITTLE ROCK (AP) — Radio Corporation of America has appealed to the Arkansas Supreme Court a Greene Circuit Court verdict denying it a \$2,290 judgment against the 200 Cab Co. of Paragould.

The radio firm claimed in the suit that the cab firm owed that amount in rental fees for radio equipment. The circuit court jury found for the cab company.

## Now beauty is only the beginning of what's new

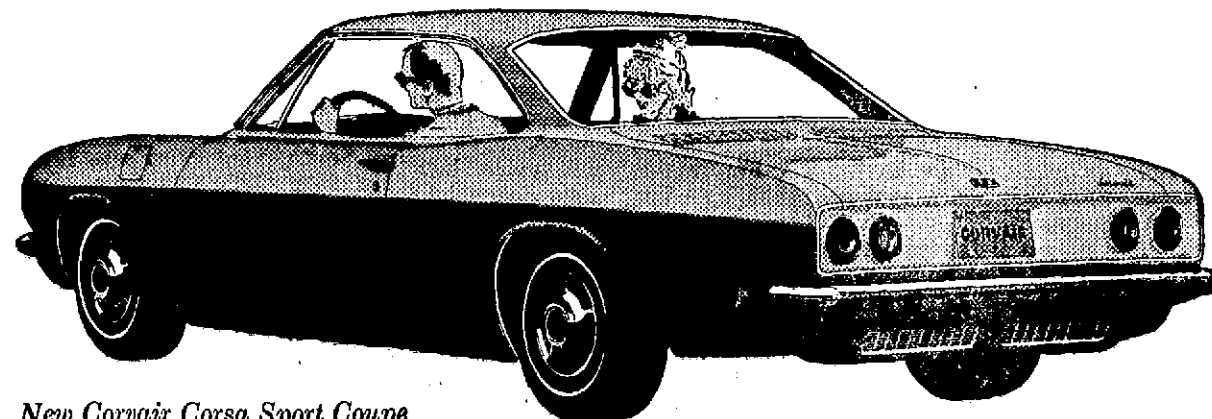

'65 Chevrolet Impala Super Sport Coupe

## '65 Chevrolet

It's a longer, lower, wider, roomier, quieter, handsomer, swankier kind of Chevrolet for '65. Beneath its clean-hewn lines, there's more shoulder room, more leg room up front

and more foot room too. There are also curved side windows, fine new fabrics and a new instrument panel—that's finished (in the Impala series) with the look of hand-

rubbed walnut. Even Chevrolet's famous Jet-smooth ride is smoother. What's new? From behind the wheel (who knows?) you could get a whole new outlook on life!

New Corvair Corsa Sport Coupe

## '65 Corvair

It's a racier looking, quicker steering, surer stopping, flatter cornering, roomier riding kind of Corvair for '65. Beneath the longer, wider new body by Fisher, there's a sweeter

riding independent suspension system, bigger self-adjusting brakes, more respon-  
sive steering and a wider road stance. Also up to 180 hp available in the new top-of-the-

line Corsas—up to 140 hp in the Monza and 500 models. Where do you find out about all this firsthand? Just follow the enthusiasts—to your Chevrolet dealer's.

More beauty to see—the '65 Chevelle, Chevy II and Corvette also now at your dealer's

**Ashmore Escaped**  
SANTA BARBARA, Calif. (AP)—Harry Ashmore, who won a Pulitzer Prize in 1953 for editorials on the Little Rock school integration crisis, was routed from a friend's house by a brush fire here Thursday.  
He was a guest in the home of Dr. Robert Maynard Hutchins. Fire destroyed all but a few valuable paintings and other possessions in the \$100,000

survived. The fourth, John L. Patterson, 45, of Yreka, Calif., fell and was burned to death.  
In other areas of California, firefighters have pushed brush fires into relatively unoccupied territories. An estimated 65,000 acres of brush and timberland have been consumed in five northern counties in six days.  
The northern fires had destroyed an estimated 250 buildings in Sonoma, Napa, Lake, Humboldt and Mendocino Counties. The buildings included homes, vacation cabins and farm buildings.  
A spokesman for the state division of forestry said "the fire figures are staggering. But it would be ridiculous to attempt to estimate damages in dollars at this time."  
The northern forest areas were still considered in "extreme fire danger."  
"Nothing can truly be called over yet," the spokesman said. The largest fire, in Napa and Sonoma Counties, was reported 80 per cent contained after burning 52,000 acres and 170 buildings.

## No Agreement,

tive walkout, hundreds of supplier plants around the country also will be affected.  
Within the first half hour walkouts were reported at 17 major factories.  
They are in Pittsburgh, Cleveland, Dallas, Norwood, Ohio, Los Angeles, Wilmington, Del., Kansas City, Janesville, Wis., Lansing, Pontiac, Grand Rapids, Flint and Detroit, Mich., Framingham, Mass., and Fremont, Calif.

Today's GM strike was the ninth major walkout against the auto industry's big three—the United Auto Workers union.  
The longest strike in the auto industry occurred in 1945-46 when GM UAW workers stayed off the job for 113 days in support of contract demands.  
The UAW also staged local plant walkouts against GM in 1958 in support of local grievance demands after a national contract was signed.  
The second longest auto industry strike in the United States came in 1951 when UAW Chrysler hourly rated employees stayed off the job for 104 days in support of a union demand for a funded pension.  
Prior to reaching initial bargaining contracts with GM and Chrysler in 1937, UAW members staged violent sitdown strikes in support of their bid for recognition.  
Such sitdowns closed GM operations for 44 days and idled Chrysler production for 29 days.  
Even if agreement had been reached on a national contract, the UAW had told its local unions earlier that they could go on strike anyway to back up their local demands if these were not settled by a week from today.

Thursday, Reuther had proposed the differences between his union and GM be submitted to binding arbitration. GM turned down this offer, and the UAW later rejected a GM proposal that the strike deadline be extended.  
The union also asked GM to join it in having William E. Simkin, director of the Federal Mediation and Conciliation Service, sit in on the bargaining. The firm turned down the proposal.  
The strike against GM is a selection one. It leaves in operation those GM plants which sell parts to Chrysler, Ford and American Motors Co. p. The UAW said it also would leave in operation those plants supplying industries other than the automotive.

Spanish abode structure.  
Ashmore, Hutchins and other members of his family fled safely. Hutchins is president of the Center for the Study of Democratic Institutions, where Ashmore is a consultant. Ashmore was executive editor of the Arkansas Gazette during the racial crisis.

### Defends Railroad

Editor The Star:  
I noticed on Wednesday, Sept. 23, 1964, there was an article in the Hope Star about the Frisco Railroad that enters the city on the street known as Louisiana St. I also noticed that the city for the past several months has been trying to get the Frisco Railroad to fix the street from Division St. to W. 3rd St.

Now Mr. James H. Pilkinton told the Hope Star that if they did not fix the street from Div. St. to W. 3rd that they would have to move their Railroad out of the city street.  
Now I notice that from Div. St. North on Louisiana Street that the city maintains the said street and why refuse to fix 2 blocks South of Division Street.  
I can remember when those two blocks were closed to traffic but since the passenger service was discontinued then we get to use said street. Now I think that if Mr. Pilkinton will check he will find that this has never been a street; that the Frisco Railroad did not give the city a right-of-way easement for a street. Also, I checked the record and found that the Frisco, M.P. and L. & A. all use the street in question. I also found that the Frisco Railroad pays city and county taxes in the amount of \$8,428.64; the Missouri Pacific Railroad pays \$38,818.47 and the L. & A. Railroad pays \$6,773.21. Now out of the amount of these taxes the city gets \$704.30 for street repair.

I suppose that the city does not need this money. Why jump on the Railroad and tell them that if they don't fix two blocks of street that they will have to move off the property that they own.  
I also checked with the Frisco Railroad and found that they serve several businesses in Hope. They furnish service to Hope Feed Co., Cox Brothers, Corn Belt Hatcheries, Hope Builders Supply, Hobb Western Lbr. Co., Compress, Southland Farms, Ladder Factor, Hope Brick Works, Hope Mfg. Co., Ritchie Gro., Stephens Gro Co., about 40 cars of feed per month. They average about 4,000 cars per month interchange. And to move this railroad would break connections with the Missouri Pacific and the L. & A.

I think that the taxpayers should have something to say about moving the railroad out of Hope and I, also think that it is about time that the industrial area had a voice in the street repair. Now you take Cox Bros. Foundry, the Handle Mill, the Ladder Factory, Hope Gin Co., Employees — about 1,000 employees, and we can't get our streets fixed. So why make such a fuss over two blocks of streets that are not important. Now I suppose that if we would do away with our railroads and industry we could attract some new industries to our city.  
I understand that the railroad has agreed to pay one half of street improvement.

## SIDE GLANCES

"You'd better handle this, Charlie. The lady doesn't plan to keep any animals... she just wants to grow her own butter and eggs!"

## "DEAR ABBY"

CONVINCE HIM—AND FAST!  
By Abigail Van Buren

Dear Abby: I accidentally found out from the social security office that the man I married 16 years ago had never been legally divorced. I was advised to have a second marriage ceremony performed. To my dismay, Mr. W. received the idea as a joke and refused. I am 62 and Mr. W. will be 80 in two weeks. I am worried about my future. My lawyer advised me that according to Massachusetts law I am not Mr. W.'s legal wife, and I cannot claim his estate or get social security. I even got our priest to talk to him, but it didn't help. Mr. W. is the most generous man in the world and would give me the moon if I asked for it, but he will not consent to another ceremony. Can you help me?

"MRS. (or am I?) W."  
Dear "Mrs. (I wish I knew) W.": The priest can tell Mr. W. what is pleasing in the eyes of the Lord, and your lawyer can tell him the requirements of the Law, but you'd better get your generous Mr. W. to skip the moon—and provide for your security right here on earth.

Dear Abby: I have a problem. I saw the organist of our church with a married man. And he wasn't hers. Should I tell the pastor to talk to her before she breaks up the marriage or should I mind my own business? I somehow feel that it is my Christian duty to set her straight. Don't tell me it is only my imagination. I had heard rumors about these two, which at first I did not believe. But when you see two people, in a secluded spot away from the busy roads, what else can you be-

But when you see two people, in a secluded spot away from the busy roads, what else can you be-

should have the same privilege, so asked her please to knock on my bedroom door before coming in. Now she just bangs on the door once and barges right in and says, "Does THAT satisfy you?"  
Then she reminds me that I am living in HER house and she has a right to go into any room she pleases whenever she wishes. What do you think of a mother like mine?  
NO PRIVACY  
Dear No: Your mother is wrong and I hope she realizes it and changes her ways soon, because that's precisely the kind of maternal action that makes children want to leave home as soon as they become of age.

Dear Abby: No problem, just a great big thank you for printing that excerpt from your book, "Dear Teen-Ager", designed to help the teen-aged girl with an age-old problem. How to control a boy who insists on making improper advances, saying all the while that if she loved him she would let him.  
Well, Abby, I am no teen-ager. I am a young woman in my thirties, but I cut out that item and placed it in my purse for future use. The advice is good for a woman of any age who is constantly pressured by a persistent Romeo. I have never known how to handle the problem without leaving the man angry, disgusted and thinking I was square. From now on it will be easy. I will simply reach into my purse, hand the excerpt to the guy and let it speak for me. I have a feeling it will save me a struggle and many words.

Still standing on the wagon bed, Frank Ives stared about, smiling angrily down at the growing crowd that had been assembled by the sound of his voice.

"I can see by your faces that you think I'm out of my mind," he went on. "I'm not. The thing I'm really out of is patience."

"I'm going to tell you something, Renwick has his fears just like anybody else. Some of you may have heard him order me out of town about a week back, after some of his 'deput-

ies' were shot up when they jumped me. You think he didn't want to kill me then? He did, but he thought I might be a little too rough for him, and that's why he didn't. He's yellow, I tell you, or he'd be out here now!"

Some of the more nervous among the crowd peered anxiously around, and some of those nearest the Buffalo Bull's door got away from there as if they expected the sheriff to come out shooting.

Ives gave a scornful bark of a laugh. "You see how it is?" Then he raised his voice again. "Come out of there, Sam Renwick, and call me a liar!"

He paused for a moment. "Don't worry, friends. He's not going to show. You remember Tully Dugas, the shotgun messenger who got clobbered when three bandits stuck up the coach at Telegraph Pass? This was the job that Sam plastered Juke Cotten with."

The stage was carryin' the Sheep Mountain payroll. Remember? I guess your sheriff, when he learned Juke's pappy was ridin' that stage, kind of figured to get two birds with one stone. So

As his words soaked in, growls began to go up and some dozen men, quicker thinking or more violent than the bulk of this bunch, angrily spun toward the bat-wings of the Buffalo Bull and Frank—since he no longer believed the sheriff to be in there—let them go.

## Phils See Lead Dwindle in the National

By MURRAY CHASS  
Associated Press Sports Writer

The Philadelphia Phillies are so anxious to win the National League pennant, they may run themselves right out of it.

The faltering Phillies, hit with some controversial and costly baserunning, saw their league lead dwindle to three games Thursday night with a 5-3 loss to Milwaukee.

The defeat, the Phillies' fourth straight and sixth in seven games, sliced their advantage in the loss column to two over second-place Cincinnati, which was idle. Even St. Louis vaulted into the act, sweeping a doubleheader from Pittsburgh and moving to within 3½ games of Philadelphia.

The running in question struck in the seventh inning with the Braves leading 3-0. With one out, Richie Allen singled, only the second hit off Wade Blasingame. Alex Johnson grounded to Blasingame, whose throw pulled Sandy Alomar off second base. Allen, however, slid past the base, and Alomar pounced on him for the out.

Vic Power then hit a dribbler toward third. Johnson raced to second, rounded the base and promptly was thrown out. Ed Matthews to Denis Menke, ending the threat.

The abortive rally appeared even more important when the Phillies exploded for three runs in the eighth after the Braves got two more in their half of the inning.

But Philadelphia Manager Gene Mauch refused to criticize Allen and Johnson, defending them vehemently instead.

"Allen slides aggressively into second trying to break up the double play and doesn't even know the umpire has called him safe, Mauch argued. 'He over-slides the bag and is out. There was no way he could know he was safe, he was so intent on taking out the relay man.'

"And Johnson has no way to know that Eddie Matthews won't throw to first on the dribbler. He rounded second figuring to take third and maybe score if Matthews makes a bad throw on a tough play."

Aggressive runners or blunders, the Phillies still were faced with the prospect of holding onto their lead with just eight games left. The Reds have 10, including five starting to-

night with the New York Mets, while the Cardinals must play nine.

St. Louis defeated Pittsburgh 4-2 and 4-0 while Chicago nipped Los Angeles 4-3 in the other NL games Thursday. None were scheduled in the American League.

The AL race resumes tonight with the New York Yankees, leading Baltimore and Chicago by a commanding four games, playing at Washington. The Orioles are at Cleveland while the White Sox play at Kansas City. The Yankees have won nine straight.

The Phillies' losing streak equals their longest of the season.

Joe Torre lead the Braves' attack, driving in three runs with two triples. His eighth-inning blast skipped by right fielder Johnny Callison, who tried for a shoestring catch, and brought home Hank Aaron, who walked, with the decisive runs.

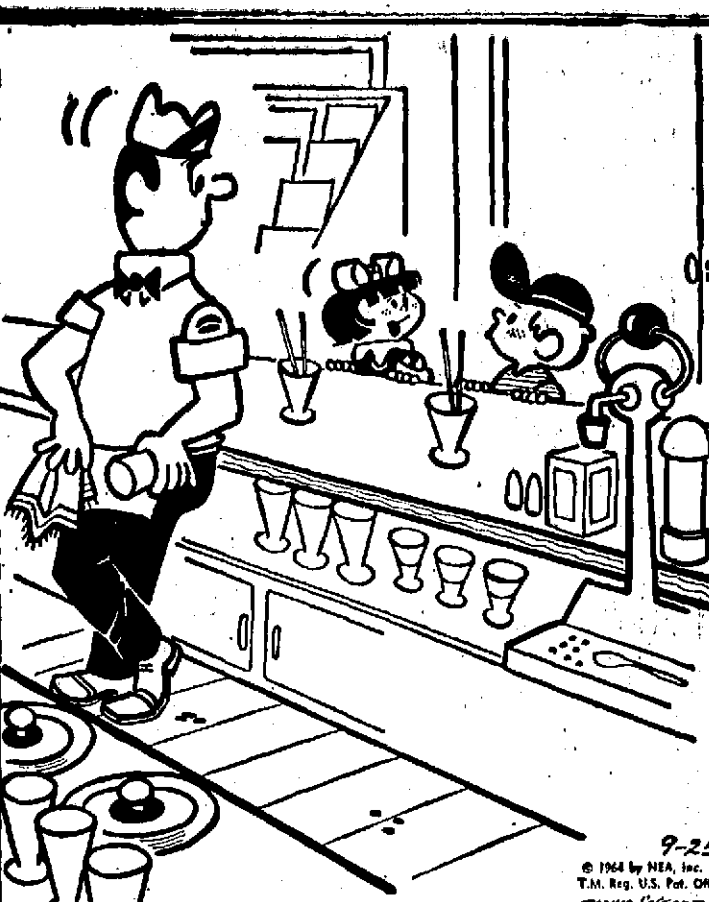

Callison singled in two runs in the three-run Phillies eighth, but Chi Chi Olivo relieved Blasingame and snuffed out the rally. Jim Bunning suffered his sixth defeat against 18 victories.

Bob Gibson, 17-11, scattered nine hits in the opener, and Ray Sadecki, 19-10, came back with a five-hitter in the second game as the Cardinals swept the Pirates. Gibson struck out 11 batters, raising his league-leading total to 232 and breaking a team record set by Sam Jones.

Bill White's bases-loaded single in the fifth inning drove in the two decisive runs in the first game. Donn Clendenon clouted a two-run homer in the Pirates' seventh. Lou Brock and Mike Shannon homered for St. Louis in the nightcap.

Hope opens defense of its District Title tonight by journeying to Smackover for a game with the ever tough Buckaroos.

The Bucks have a sound, solid team as they always do with a very outstanding line. They stick mainly to the ground on offense and simply powers the ball for yardage.

Smackover has a victory in the district, taking the Fairview Cards 13 to 7. In the opening game, of the season they battled the strong El Dorado Wildcats to a scoreless tie.

one defeat, that the opener at Texarkana. The Bobcats have continued to improve but some small injuries could hurt them tonight. Although thin in numbers those who made the Bobcat squad are the ones who want to play football. They give it all, during the entire game.

Just about everybody picks the Bucks to win. Knowing this is almost a must, the Bobcats will be going out for a victory. Many fans and the band will follow the team to Smackover.

## Defenses to Get Test in Game on Sat.

By BILL SIMMONS  
Associated Press Writer

FAYETTEVILLE, Ark. (AP) — Two questionable defenses face two praised passing attacks when Arkansas plays Tulsa in a non-conference football game here Saturday.

Game time is 2 p.m. (cst). Jerry Rhyme quarterbacked the Tulsa Hurricane's throwing game. Arkansas Coach Frank Broyles says Rhyme is "the No. 1 passer in America today."

Quarterback Fred Marshall is the Razorbacks' ace passer, but a deep-seated shoulder bruise that knocked him out of last week's game against Oklahoma State University still has him sidelined.

Broyles said Thursday that Bill Gray probably would start for Arkansas at quarterback because Marshall's arm has not recovered fully.

Arkansas has won nine of the last 10 meetings with Tulsa, including a 56-7 thrashing last season.

Rhyme completed eight of 15 passes for 9 yards in the 1963 game. For the year he connected on 150 of 258 throws for 1,909 yards, and he averaged 230 yards total individual offense in four Tulsa squad games last spring. He ranked third in the nation in passing last season.

Marshall had an off and on season in 1963, alternating the quarterback duties with two others, including Gray, who has been shifted to the defensive secondary to give it experience and leadership.

But Gray had to take up the offensive chores again last Saturday when the bruise made Marshall inaccurate (no completions in four passes, including two interceptions).

Tulsa's defense, like Arkansas' sophomore-laden defense, is prone to err, making a passing duel likely.

## Tigers Take First Victory of Season
